B

ICT - Information: Fact, Opinion, Reliability & Validity

Keywords and Definitions

Task: Match the keywords to the definitions – we learnt them in class!

Fact		Something that is true
Opinion		Information that is true, up to date and accurate
Validity		What someone thinks e.g. I like eating fruit
Search Engines		The quality of being dependable or trustworthy
Reliability		A system for searching the information available on the Web

Give at least 2 examples of a:

Fact:

_____

_____

Opinion:

_____

_____
