

# Hospitality & Catering X

**Learning about the production of cereal based produce!**

Hello!

This week, you can have a go at learning about the production of cereals and cereal based produce.

- Can you think of all your favourite cereals?
- What are they all made from?

I have sourced a couple of videos for you to watch and some questions for you to think about:

**How cornflakes are produced.**

<https://www.bbc.co.uk/bitesize/clips/zctkjxs>

1. **Have a look at video number 1.**

How long ago were cornflakes invented?

What is the basic ingredient in cornflakes?

How important is technology within food production?

What tools are really important in the production of food such as cornflakes?

**How puffed rice is produced.**

<https://www.bbc.co.uk/bitesize/clips/zf7g9j6>

**2. Have a look at video number 2.**

What is the first process for the rice when making puffed cereal?

What tool does the man use to check that the iron is real?

If the rice isn't dry, what won't it do?

Here are a few other websites for you to check out too!
