

Weather in French

Hi guys!

I have found a short video for you to watch which is all about French weather!!

Here are a few things for you to think about.

1. Can you make a list of all the vocabulary used in the video?

If you can, make a table of the differences between English and French weather. I have done the first one for you.

In England...	In France...
Summer temperature is around 15 to 25 degrees.	Summer temperature is normally around 16 to 23 degrees.
