Oaklands School

"The best for all, the best from all"

15th March 2021

Dear Parent/Carer

It has been lovely to see the students back at school adapting so well after such a long time away from their classrooms.

The on-site testing process is coming to an end this week and we are asking you to continue with home testing of your son/daughter.

On Wednesday, we will be sending home -

- 2 Test Kits (3 tests in each box)
- An easy read leaflet
- A more detailed leaflet
- A simple 4 step reminder

We are asking that you complete the test with your son/daughter on Thursday 18th March and then again on the following Monday. We will keep this pattern of Monday and Thursday evenings.

You will be emailed a form to complete on each of these days to report your son/daughter's result.

The form will have the choice of – Negative, Positive or Invalid.

There is also a comment box. Please use the comment box for-

- Any problems with the equipment
- Any breakages
- Extra equipment needed
- Any problems you are having using the home testing process

In the unfortunate event of the result being positive, please phone the out of hours number and leave a message to report a positive result with your name, your child's full name and a contact number.

Out of Hours number for a Positive result - 07934 388651

In the meantime, there is a really useful 7 minute You tube video for you to watch that explains the whole process.
